Project Midpoint Demo Specs

Proficiency
 □ Clear and concise written summary of current status □ Schematics of all breadboarded circuits □ Block diagram of system components and the interfaces between them □ Hardware demo functioning (potentially with some minor bugs) □ More than 25% of the way to the final deliverable □ Clear description of microcontroller routines □ All external parts ordered
Excellence
 □ All interfaces in the block diagram defined (e.g., SPI, I2C, GPIO) □ Hardware demo functioning well □ Writing is well organized □ Solid grammar or spelling issues (no more than a few minor errors which do not detract from the point). □ Completed riskiest element of the project □ More than 50% of the way to the final deliverable.
\square More than 50% of the way to the final deliverable
